Monday & Tuesday March 3rd & 4th @ 6pm:
Steve Biko Boardroom, Communal Building

Wednesday March 5th @ 2pm:
J19, Richmond Building

“Millions of sophisticated coffee drinkers relish a good cup of coffee. But for every \$3 cup of coffee, a coffee farmer typically receives only 3 cents. Most of the money goes to the four giant conglomerates which control the coffee market.

After seeing Black Gold, coffee will never taste the same. A sip of cappuccino will remind viewers of the farmers who grew the beans and of their own power to pressure corporations where it hurts most—the bottom line.”
